

Design Tutorial

Schematic Sketching

Watch the linked videos and read the online article related to schematic sketching and then complete the following.

- 1) find an image of each of the following schematic sketching techniques and draw them, using annotations to provide detail about each schematic sketch
 - mind map
 - diagram
 - empathy map
 - flow chart
 - website architecture diagram
- 2) read 'Sketching during schematic design' and, for each schematic example provided, complete the following sentence:

'This form of schematic sketching is important for designers because ...'
