

Evaluation of Design Ideas

Key: C = Criteria Number e.g. (C5)

Mr Morgan

Loreto College

Design	Strengths	Limitations	Implications
<p>1</p>	<ul style="list-style-type: none"> • A Shipping container has been used to create an outside bar (C5) • etc 	<ul style="list-style-type: none"> • There are stairs at the front of the restaurant, making wheelchair access problematic (C2) • etc 	<ul style="list-style-type: none"> • The main dining area has stackable chairs and tables. This provides flexibility of group sizes for private parties. • etc
<p>2</p>			
<p>3</p>			
<p>4</p>			

1. Use a small scan of some part of each design to represent what you are assessing.
2. Assess each design—comments on the strengths, Limitations and Implications of features of each design.
3. Add as many comments as you can and try not to repeat the same comments for different designs.
4. Try to link your comments to your Design Criteria by putting the Criteria Number at the end of the comment that relates to it.
5. Try to indicate in some way, which design is the best one. (Green Tick?)
